

Dear Principal of MRC (Downtown East)

"I am grateful to 蔡老师 and MRC for instilling in my son (Jian Kai) a keen interest in the Chinese language. From an unwillingness in speaking Mandarin to happily rattling off scores of Chinese poems, my husband and I are just amazed with our son's ability since taking up the Children 3Q program. With 蔡老师's lively sessions and the program's quality teaching materials, our son is always looking forward to each lesson. Now, he is able to identify many Chinese characters in books, directional signs and even menus! He is always asking to learn how to write new Chinese words and eager to read Chinese story books. Being a firm believer in maintaining our own cultural roots, I am really happy to see my son building up a good foundation in the Chinese language. Thank you 蔡老师 and MRC for the accomplishments that I am seeing in my three-year-old son so far!"

Regards,
Alice
(Parent of Ang Jian Kai)
