

Dear Dawn - Principal of MRC (Downtown East),

I am very glad to have chosen MRC 3Q program as part of my child's enrichment.

It is a school that uniquely stands up with its innovative, creative and fun right brain teaching programmes. Most importantly, these are made possible by a group of dedicated teachers. My child has since shown more interest in completing his work and has improved on his attention span.

Regards

Julie

(Parent of Caedmon Boh)
