

Dear Dawn - Principal of MRC (Downtown East),

I have sent my son, Zheng Rong to your centre for Chinese class since March 2005. Since then, my wife and I found that my son enjoy studying very much during the lesson because of your specially designed teaching techniques and specially trained teachers.

One day, we found out from his school teacher that he is one of the three students in the class who can read one of the Chinese poems.

Thanks to your centre. I would have sent my son to your centre earlier if I have known you earlier.

GOODLUCK TO YOU AND YOUR STAFF in your centre.
